Workshop Development Process

OEFFA reviews all proposals based on the relevance of the topic to our attendees, the balance of the topic with other presentations (i.e., we try to avoid multiple presentations on the same

topic), the recent history of the topic at conference (i.e., we may avoid topics already covered within the last two years), the qualifications of the speaker, OEFFA's history with the speaker (if any), and the thoroughness and clarity of the application.

Due to the high degree of interest not all submitted proposals will be accepted. All applicants who submit complete proposals will be informed of their status by late October.

Multiple Speaker Sessions

Most conference workshops are led by a single speaker, but requests for additional speakers will be considered on a case-by-case basis. In some instances, a co-presenter or panel discussion can add considerable value to a topic by diversifying the perspectives, but, in some instances, more speakers may reduce workshop quality by diluting the focus. If you wish to have a co-presenter, please have a clear idea of what that person is contributing to the workshop and why that contribution adds value for participants.

In instances where multiple speaker sessions are approved, all speakers from separate households or businesses must individually complete either the full proposal or a multi-speaker workshop form. For example: a farmer and a restaurateur presenting together would need to complete separate forms but two employees from the same farm would not. This helps ensure we have effective communication and clear expectations set with all speakers. OEFFA will walk you through the process if multiple forms are needed.

Speaker Stipends

OEFFA has a stipend budget of **\$80 for each 90-minute workshop**. Solo speakers who are eligible for a stipend will receive the full amount budgeted for their timeslot. In the case of workshops with multiple speakers, the stipend will be divided evenly between them, e.g., two speakers co-presenting a 90-minute workshop would each receive \$40. Speakers receiving a stipend may also choose to put their stipend towards the cost of hotel accommodations at Cherry Valley Hotel.

Extension educators, government employees presenting in their official capacity, sponsors, and trade show vendors are not eligible for stipends. Instead, OEFFA will donate the stipend value to a BIPOC-led nonprofit organization promoting sustainable food systems in Ohio. In instances where a speaker who is ineligible for a stipend co-presents with a speaker who is eligible, OEFFA will divide the total stipend evenly and donate the ineligible speaker's portion. For example, if an Extension educator co-presents an in-person workshop with a farmer, the farmer will receive \$40 and OEFFA will donate \$40 on behalf of the Extension educator.

Additional Benefits

In addition to their stipend, **workshop** presenters receive:

- One (1) free registration to the conference. This does not include Food and Farm School registration or special conference-related events that require an additional fee.
- Complimentary one-year individual membership to OEFFA (\$50 value)
- The option to register one (1) member of your household or a business partner for the conference at our reduced volunteer rate of \$60.
- One (1) complimentary conference lunch.
- Free childcare or kids' conference for up to two (2) children 12 and under on one day or one (1) child 12 and under for both days

Recording of Workshops

As a presenter at the conference, you agree that your presentation will be recorded.

All workshops are recorded via Zoom and are made available for conference attendees to rewatch, but not download, via the conference app until the end of March. These recordings include audio and any visuals projected from the presentation computer, but no video of the speaker. Upon request OEFFA will provide a speaker with a recording of their presentation after access to the conference app closes. OEFFA reserves the right to use recorded content from the conference for other educational purposes, including release on OEFFA's YouTube channel.

OEFFA photographs some, but not all, conference workshops. Your workshop may be photographed by OEFFA. Photos belong to OEFFA and can be used in future promotion. Care will be given to not take photos of members of the Plain community.

Endorsement of Products or Services

OEFFA sessions are for the purpose of education and are not to be used to sell products or services. We understand that many of our speakers represent farms, companies, or organizations with products or services to sell. Speakers are welcome to mention a suitable product, reference a trade show booth, or inform attendees of a future class--and we do not expect speakers representing a company to mention competing products. However, the products you sell must not be the focus of your presentation.

Community Standards

OEFFA is a big tent. The OEFFA conference belongs to our members and attendees representing a diverse range of racial and ethnic backgrounds, lifestyles, sexualities, gender identities, political views, social values, and growing scales and practices. Our members are urban, suburban, and rural; women, men, and nonbinary; young and old; libertarian and socialist; Amish and atheist. We welcome farmers big and small, homesteaders, gardeners, activists, food entrepreneurs, students, academics, and once even a newborn lamb wearing diaper (the owners named it OEFFA; it was adorable). Please be respectful of the variety of viewpoints present in the room, including those of conventional, sustainable, transitional, and organic farmers. Avoid inappropriate behavior such as swearing, religious or political commentary, insensitive jokes, or disparaging other people, businesses, or organizations.

Please Read Before Applying

If you have any questions or concerns about any of this information, please contact Milo prior to completing your application. OEFFA will consider a completed application as confirmation that you have read, understood, and agreed to all the terms and conditions outlined herein.

How to Apply

To receive full consideration, please complete a proposal for each workshop using the online form by **August 8, 2022**. While applying you can select whether you prefer to speak virtually, in-person, or are open to either format.
